Decoto Resident Passes Car On Highway and Ends Up in Private Home

George Lorenzo, box 131, Decoto, has been cited to appear before Judge Jacob Harder, Jr., on a reckless driving charge as the result of crashing his machine into the front of a home owned by Mr. and Mrs. Joseph Froding, of Hayward.

According to a report by Traffic Officer Norman Vadnais of the California Highway patrol, Lorenzo tried to pass a machine driven by Manuel Silva, of Niles road, grazed the vehicle and finished up in the front porch of the Froding residence. The machine almost went through the window, just barely stopping in front of the glass. Lorenzo admitted to the officer having had a "couple of drinks." What would have happened to the house if he had had several more?

Prominent Niles Resident Returns To Southern State

Mrs. Inman Parker, accompanied by her son, Inman, left San Jose Friday morning for their old home in Bearden, Tenn., after having been a resident in and around Niles for the past three years, where she was prominent in business and social circles, having acted in an advertising capacity for both the Township Register and Pleasanton Times. Previous to her position with these publications, she was employed in the same capacity with the Hayward Review.

Inman Parker had been visiting with his mother, both in Niles and in San Jose, where Mrs. Parker recently moved.

Mrs. Parker is the mother of Mrs. Jack Williamson, of Niles.

Failure to Stop Resulted In Death to Raiji Doi and Tago Nagi

Failure to stop at a railroad crossing as a fast Southern Pacific passenger train was approaching claimed the lives of Raiji Doi, of Niles, and Tago Nagi, of Irvington, last Saturday evening.

The two men were returning to Irvington, after having been on a shopping tour in Santa Clara, purchasing wedding gifts for a friend, and were struck by the train at the Brokaw road crossing in Santa Clara, both men being instantly killed, and their automobile, dragged by the train a distance of eighty feet, completely demolished.

Flagman D. D. Maddraff attempted to warn the motorists as they approached the crossing, but was unsuccessful. Maddraff, together with James I. Dixon, superintendent of the municipal power plant at Santa Clara, extricated the bodies from the wreck.

At a coroner's inquest held Tuesday, the jury brought in a verdict of "accidental death," and completely exonerated the train crew. Arthur Cohen was engineer of the train.

Doi, who is well known both in Niles and throughout the township, is survived by a widow and two children, Tatsuro and Toshiko. Nagi leaves a widow and four children, June, Bernice, Norie and Horiaki.

Reverend John R. Stevenson, of Daly City, was a visitor in Niles Friday afternoon. Friends in Irvington entertained him at lunch. Reverend Stevenson was formerly pastor at Irvington.

Chamber of Commerce Head Lauds Efforts of Committees

Declaring that a "highwater mark" had been reached during the past week by the Niles Chamber of Commerce following the successful completion of several noteworthy civic efforts, President F. V. Jones, at the regular weekly luncheon meeting held Tuesday noon, lauded in praiseworthy tones the hardworking efforts of the members of committees in charge of the recent wildflower show and charity whist drive.

In connection with the Wildflower show, President Jones also stated that wide-spread publicity had been given the city as a direct result of the tremendous drawing appeal and interest the show had attracted, further stating that people had attended from

LETTERS to the EDITOR

FLOWERS FOR THE LIVING

Dear Mr. Parks:

I wish to take this opportunity to thank you for your editorial on the matter of our Niles Parent-Teachers' Association withdrawing from the State Federation. I could not ask you to express yourself as in favor, or not in favor, of such action, as the subject was a new one to you, but your own reaction was, I think, inevitable, as I have observed that in civic affairs of importance you are always "on the right side of the fence."

I am happy to report that our local women by a large majority, did vote to remain within the broader field of State Parent-Teachers' Association Federation, thus upholding your expressed faith in them.

Very sincerely yours,
WINIFRED H. BENDEL.

WILDFLOWER SHOW DRAWS LARGE CROWD

Over 400 people witnessed the third annual Wildflower Show held last week-end under the patronage of the Niles Chamber of Commerce, when 174 different varieties of wildflowers were exhibited in the showrooms of the Rose garage.

The show exceeded, both in attendance and in the number of exhibits shown, the displays of the two previous years. On Sunday afternoon, Professor James C. Shirley of Phillips University, Oklahoma, gave a very interesting discourse to a large audience, his subject being, "How to Treat the Wildflower."

WALK OUT AT GRAHAM PLANT FOLLOWS DISPUTE

Following a dispute regarding seniority rights, iron molders employed at the Jas. Graham Manufacturing company, Newark, walked out on Monday morning, refusing to work until an amicable settlement had been reached between the employees and the company.

At the time of going to press, no settlement had been reached, but it was reported that Arthur Burns a vice-president of San Francisco Local 164, Iron Molders' Union, would confer with officials of the Graham company on Friday morning. Although not speaking for publication, L. R. Burdick, superintendent of the Graham company, thought the matter would be settled within a few days.

According to a statement made Wednesday morning by one of the workers, it would appear that Mr. Graham failed to live up to

LEGIONAIRES FORM LADIES AUXILIARY TO TOWNSHIP POST

Mrs. Robert Vieux Chosen Chairman; Will Meet Every Two Weeks

Wives of members of Washington Township Post No. 195, American Legion, attended the meeting of the post last week for the purpose of discussing preliminary plans for the inauguration of a township auxiliary.

Twenty ladies were in attendance, and as a result of the convocation, it was decided to form the Auxiliary, and Mrs. Robert Vieux was elected temporary chairman. Mrs. John W. Myers was elected to the position of secretary and treasurer. The newly-formed ladies organization will meet every other week, the next meeting scheduled to be held on Wednesday, April 22.

Following the business discussions, a social time was enjoyed, cards being played, and, as an innovation, the members of the legion post played the part of hosts, serving delightful refreshments to the ladies.

Wives of members of the township legion post who were unable to attend this first meeting are cordially invited and urged to be present at the next gathering as it is the desire of both the legionnaires and the members of the newly-formed auxiliary to make the new organization an outstanding and effective institution, and it is only by a strong turnout that the promulgation of these plans can be effected.

Decoto Youth Is Killed On Friday In Auto Accident

Amelio Rodriguez Fatally Injured as Car Avoids Hitting Children

Amelio Rodriguez, 21, of Decoto, died in an Oakland hospital late Friday night, following injuries received in an automobile accident on the highway near Hayward. The car in which Rodriguez was a passenger swerved to avoid hitting some children in the road, and collided head-on with a car being driven from Hayward.

Funeral services were held Monday morning at the Decoto Catholic church, with Father McCaull officiating. Interment followed in the Centerville cemetery, with the Botelho Funeral parlors in charge.

Deceased leaves his mother and father, Mr. and Mrs. George Rodriguez, well-known and respected citizens of Decoto.

HORSE BURNED TO DEATH IN BARN FIRE SUNDAY

Damage to the amount of approximately \$200 was caused when a barn, rented by Frank Lleva, at Ninth and I streets, Decoto, caught fire at five o'clock Sunday morning. A horse, stabled in the barn, was burned to death, and several farm implements and a quantity of hay were also destroyed.

The barn, located on the Swartz estate, had been on fire some little time before the alarm was turned in, and consequently was a total loss. It is thought by members of the fire department that the blaze was originated by a hobo who had turned the barn into his sleeping quarters for the night.

Issue Is Decided at Meet Held Tuesday; Issue Carries Strong.

By a vote of nearly two to one, taken at a meeting held Tuesday afternoon, members of the Niles Parent-Teachers' Association elected to remain an active member of the State and District Parent-Teachers' Associations, instead of withdrawing from these nationwide organizations into an association only concerned with Parent-Teachers' Association work in Niles.

Mrs. R. Bendel presented the entire question to the members present, pointing out the two main questions to be decided—"Whether or not the local association should withdraw from State and District organizations" and "Whether or not to continue as a Niles organization." Mrs. Bendel expressed her reasons as to why she thought better advantage and broader vision would be obtained by remaining a member of the state association.

A very fine talk was also made by Mrs. Townsend, who was heartily in favor of remaining affiliated with the major organization. E. Dixon Bristow, representing his entire faculty, also went on record as being strongly in favor of operating in conjunction with the state and district federations.

Several members presented their arguments as to why they considered it better to operate solely as a local Niles organization, but the strong vote cast in favor of remaining with the state and district federations proved conclusively that the majority of members considered this the better step.

Instant Death Is Fate Of Tracy Man In Auto Collision

Pleasanton-Livermore Highway Is Scene of Fatal Crash Wednesday

Norris F. Armstrong, of Tracy, met instant death about 4 o'clock Wednesday afternoon on the highway between Pleasanton and Livermore when the machine in which he was riding crashed into a tree and telephone pole and was completely demolished.

Armstrong was travelling at a high rate of speed toward Pleasanton, according to Mrs. Mae Mezer, of Santa Cruz, who witnessed the accident. The car started around Mrs. Mezer's car, struck the fender and then pulled to the far left hand side of the road to miss a truck. Mrs. Mezer said that Armstrong apparently misjudged the distance.

The Armstrong car after hitting the tree careened around and rammed into a telephone pole, the force of the impact knocking it over against another tree. The car, a heavy sedan, then turned over

and rolled sideways across the unimproved portion of the road.

Pieces of the car were strewn from where it struck the first tree to the spot in which it stopped, some fifteen feet away. One cushion was thrown over into an adjoining field. Garage men said it was the most completely wrecked car seen here.

The body was taken to await word from the man's relatives in Tracy. In the car with Mrs. Mezer was Mrs. L. Hewreux of Brentwood. Armstrong was alone.

NO ONE MAY BE BORN, NO ONE

THAT WOULD DISTURB THE ETERNAL
SERENITY OF THE ISLAND!

THE Isle of Miyajima, which means "Sacred Isle," is so sacred that every effort has been made to avoid a human birth or a human death within the limits of its hallowed realm. This custom originated, apparently, as the result of a desire to pattern the sacred Isle of Miyajima after the eternal realm wherein it is believed there is neither birth nor death. The oddly shaped structure, shown in the foreground of the illustration, is the "Torii", a shrine gate in the sea, which is the gateway to the Itsukushima Shrine. The original purpose of the "Torii" was to afford a resting-place for birds in order that they might sing to the Gods, consequently a "Torii" is usually found before a temple of worship.

Captain Gerald Folgero, the modern viking who sailed his little 60-foot Viking boat safely across the Atlantic, proves without a doubt that the tiny wooden ships of his sea-roving forebears were capable of transoceanic travel. Setting sail from Palos, Spain, the craft, which is a replica of the old Norse sailing ships, followed the route taken by Columbus. Although choppy seas several times endangered the success of the perilous venture, Capt. Folgero sailed triumphantly into the port of Havana, Cuba, 42 days after leaving Palos.

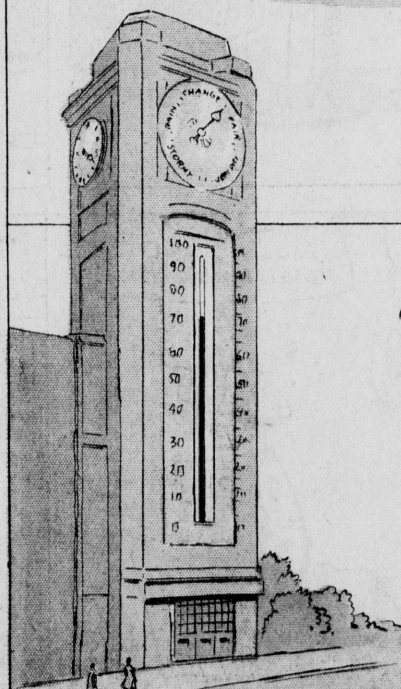

The Irish deer became extinct in the 14th century, probably because of over-evolution of its antlers, which became so burdensome that it fell easy prey to hunters. The animal was the largest of the deer family, being about the size of a moose.

The giant thermometer built on the side of a tower in Chiswick, England, is the largest in the world. Just above the top of the thermometer is a huge black disc with a big white hand that rotates, indicating weather conditions. This is the world's largest barometer.

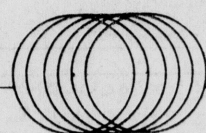

The tiny steam locomotive, built by Elmer B. Tolsted, is complete in every detail. It was recently exhibited at the show of the New York Society of Model Engineers.

Marco Cappozzolo not only eats spaghetti every day, but he consumes several miles of that savory viand at every meal. Cappozzolo, who tips the beam at 218 pounds, says there's nothing so good for your health and strength. He can put a 180-pound barrel of apples on his shoulder without the least effort, and scoffs at such puny trifles as 150-pound sacks of potatoes.

Payment has been stopped on these checks and all merchants and banks notified of the theft. Constable Albert E. Vervais and Police Chief Davis, of Pleasanton, spent Monday morning notifying the merchants of Pleasanton and Pleasanton township of the numbers of the stolen checks.

Pete Ellissando Is Assessed Fine Of \$150 Saturday

Federal Prohibition Agents Raid Winery Of Pleasanton Vineyardist

Possession of wine cost Pete Ellissando, of Happy Valley, \$150 on Saturday evening when he entered a plea of guilty to the possession charge in Judge Chas. A. Gale's court, of Pleasanton.

Ellissando was arrested by federal prohibition agents after they raided the winery on his vineyard and found several barrels of wine. Ellissando claimed that the wine was for personal consumption, declaring that he could not keep vineyard help unless he had wine to serve them with their meals.

The federal prohibition officers treated Ellissando very considerably, it was said, calling Judge Gale from a dinner party at Castlewood Country club in order that he could be arraigned and not need to spend the week-end in jail.

Pleasanton Settles Up \$2,000 Salary Claims

Claims for supplies and labor furnished the town of Pleasanton during the month of March totaling close to \$1,000 were approved by the Finance committee of the town council, of which Randolph W. Apperson is chairman, and ordered paid.

Other expenses of Pleasanton which were approved were the items of the officers payroll. This amounts to approximately \$800, bringing the operating expenses to within a few dollars of \$2,000 for March.

To keep a wife young and happy

... give her a modern kitchen

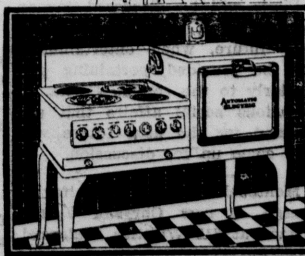

Many wives spend long hours in a kitchen through whose single window the sun seldom shines.

After a few years of such monotony, is it any wonder that wives lose their good nature?

The electric range is famous for giving women more hours of leisure—to form social contacts or to be spent in the sunshine. For the electric range cooks automatically. Simply prepare the food—place it in the oven—set the controls and go your way. When you return, hours later, the meal is perfectly done—hot—and ready to serve.

Electric cooking is speedy because of the new cooking elements. As for cost of operation—that averages about 1c per meal per person. The cost of the electric range itself is no more than that of any other good range.

A small payment down will place the electric range of your choice in your kitchen, ready to use. Come into our office or a dealer's store and see the beautiful new electric ranges.

DEBATE TEAMS TO BATTLE ON FRIDAY AGAINST HAYWARD

Pleasanton Forced to Drop Out of Scheduled Triangle Meet

Because of conflicting activities it has become necessary for the debating team of Pleasanton High school to drop out of the three-cornered debate scheduled to have been held on Friday between Washington, Hayward and Amador. The question "Resolved: That a Junior College should be established in southern Alameda county" will be decided between Washington and Hayward alone, the affirmative side of the question being handled by Evelyn M. Rose and Edward Kettman, while Frances Anderson and Howard Blacow will contend the negative. Carl Nordvik and Laura Burns are alternates. Mildred Durham, president of the debate league, will act as chairman of the debate at Washington, where the affirmative teams will meet at 2:30 o'clock.

Last year, Washington won at Hayward, but lost on the home territory.

NATIVE DAUGHTERS SPONSOR PROGRAM FOR COMING FIESTA

At a meeting to be held on Friday, the Native Daughters of the Golden West will discuss preliminary plans for the part they will take in sponsoring local entries for the decorated baby carriage and baby health contest to be held in connection with the Sixth Annual Santa Clara Fiesta De Las Rosas on Friday, May 15.

The local parlor is working in conjunction and at the invitation of the Vendome parlor of San Jose.

Plans will be discussed for an open meeting to be held in the near future, when entertainment will be provided, pertaining particularly to the coming Fiesta.

Various social affairs that are planned for the near future will also come up for discussion.

Treatment

Quick Test Guaranteed

You can't know the real joy of living, or do your work properly, if functional bladder irritation makes you get up nights, suffer backache, frequent day calls, leg-pains, nervousness, burning, smarting or excess acidity. If these conditions depress and discourage you, try the quick-acting Cystex Test.

Quick Acting Double Test

If you suffer from these conditions, you likely will be delightfully surprised at the quick, soothing, beneficial action of Cystex.

Much of the marked success of Cystex is due to its being two treatments in one. Because of this double action most sufferers find that there is no long waiting for results but that their conditions are alleviated almost immediately. One part of the treatment starts circulating thru the system within a few minutes, quickly alleviating urinary irritation and associated painful conditions. The other part of the treatment soon acts as a mild and soothing diuretic to the kidneys.

The pure ingredients composing the Cystex double treatment are listed in each package so that you may know exactly what you are taking and can be told by your druggist or doctor that this is a highly meritorious preparation which does not contain any dopes, narcotics or habit-forming drugs.

Internationally Successful

Cystex has had such marked success that it is now demanded in many different parts of the world, and is registered with the governments of twenty different countries, such as England, France, Canada, Australia, Brazil, etc. This rapidly growing demand is largely due to the quick action, unusual merit, and the recommendation of satisfied users who found that Cystex quickly alleviated their conditions, thus eliminating many hours' suffering and worry.

Guaranteed Trial Offer

Don't wait. Don't delay. Get Cystex (pronounced Siss-tex) from any druggist for only 50c, under the Iron-Clad, Money-Back Guarantee. Put it to the test. Use all of it. WIFE BEATER IS GIVEN RELEASE UNDER \$50 BAIL

C. J. Christensen Assaults
Mate in Pleasanton
Street Brawl

Because he had a job waiting for him, C. J. Christensen, of Stockton, was granted a stay of want to work a hardship on guilty of battery upon the person of his wife, Mrs. Betty Christensen, in Judge Chas. A. Gale's court, Pleasanton, Saturday morning.

Judge Gale stated in granting the continuance that he did not want to work a hard ship upon the man's wife by depriving him of his job, and ordered him to appear Tuesday, April 14, for sentence. The bail was reduced from \$250 to \$50, which was furnished.

Christensen was arrested on a complaint of battery sworn to by his wife. Mrs. Christensen claimed that her husband started a street brawl with her near the Pleasanton Service Station Friday afternoon.

Christensen was alleged to have been intoxicated and to have beat his wife when she is said to have slapped him for flirting with two girls who passed the car in which they were seated.

Constable Albert E. Vervais arrested Christensen and lodged him in the Livermore jail after Judge Manly Clark, of the Livermore justice court set the bail at \$250.

OPPORTUNE HELP IS GIVEN BY FIRE DEMONSTRATORS

Chimney Fire at Community Church Speedily Extinguished

When members of the Niles Fire department were hastily summoned last Wednesday evening to extinguish a chimney fire at the Community Church, they found all the brains of the Alameda county fire departments gathered together in the persons of Chief Sandy, of Oakland, and Chief Haggerty, of Berkeley, who were accompanied by the latest model county fire truck. Needless to say, the poor 'tickle chimney fire did not have much showing against this brilliant array of fire-fighting talent, being extinguished in very short order.

Fire Chiefs Haggerty and Sandy were in Niles at this opportune moment for the purpose of conducting a fire demonstration at the Niles grammar school. Opportunity knocks but once, and this time it knocked at the right time, the fire-fighters turning in a practical demonstration of their ability, as well as giving the demonstration.

THIRTEEN BOYS ARE PRESENT FOR ROLL CALL IN PLEASANTON

Tenderfoot Tests Will Be Given at Meeting Next Week

Boy scouting in Pleasanton apparently got away to an auspicious start Tuesday evening at the Amador high school under the direction of the new scoutmaster, V. Bernard Johnson. There were thirteen boys present.

The meeting this week was in the form of a re-organization session as scouting has been disrupted for the past few months following the resignation of Coach George Patterson as scoutmaster.

Interest Intense

All of the regular scouts who trained under Coach Patterson were on hand and several new ones. There was but one first class scout present, Arnold Abrott, and one second class scout, James Sorensen. The remainder of the group ranked as tenderfeet.

Much interest was manifest by the boys in the work and from every indication the troop will go ahead steadily from this time on.

The boys elected Sorensen as the troop scribe and voted to begin their dues of five cents a meeting with this week's session. Scout Abrott being the only first class scout present, was in charge of the opening and closing exercises.

Several of the boys who have completed all but one or two of their tenderfoot tests were given the final tests at this week's meeting which was held at the Amador high school on Tuesday evening at 7:30 o'clock.

The roll call Tuesday was answered by the following scouts: James Sorensen, Tony Adams, Everett Kamp, Curtis Owens, Virgilio Compagne, Jack Kolln, Arthur Potwin, George Keating, William Sanchez, Charles Anselmo, James Munro, Arnold Abrott and James Fleming.

Jack Kolln is the only boy in the group who has not reached scouting age of twelve years. This youngster will be twelve in two months and has been granted per-

A. F. Bartholomew, of Alameda, a scoutmaster from that city, was present and gave the boys a pep talk on scouting. Scout Executive Hopkins, of Hayward, was another visitor who entertained the boys with experiences that will come to the scouts as they advance in scout work. He issued an invitation for them to attend the annual field day program of the Alameda county scouts to be held at Diamond Park in Oakland on Saturday, April 25.

Other visitors at the meeting were T. H. Silver and Lloyd H. Rhodes, members of the scout committee.

LARGE ATTENDANCE ASSURES SUCCESS OF CHARITY PARTY

More Than 160 Participate
In Whist Sponsored
By Civic Body

More than 160 whist lovers filled the Odd Fellows' hall last Thursday evening on the occasion of the charity whist drive sponsored by the Niles Chamber of Commerce, and the many charitable institutions who look toward this civic organization for annual support will again have reason to extend thanks to residents of Washington Township for the loyal support given the Chamber of Commerce in making the affair a huge success.

A final check-up on the number of tickets actually sold has not yet been completed, but it is thought that close to 300 duets were disposed of, a result that will be extremely satisfactory to the hard working members of the committee in charge of the affair.

Refreshments were served by wives of members of the chamber, the coffee being furnished through the courtesy of the Niles MacMarr store.

In addition to the list of merchants who donated prizes published in last week's issue of the Register, the following also contributed: Alameda County Bank, Ray Petersen, P. C. Hansen Lumber company, and H. L. Scott. A total of twenty-eight prizes were awarded to the following fortunate winners: Mary H. Shea, E. B. Hodges, Mrs. G. Trask, M. C. Wilder, E. A. Ellsworth, J. G. Cardoza, Dr. E. C. Grau, Mrs. Ralph Richmond, A. F. Johnson, Mrs. F. V. Jones, Miss Gertrude Keller, Miss N. Morris, E. Martin, Mrs. Irene Domenici, W. Crane, Mrs. O. W. Ebright, Mrs. Barnard Ella Barton, Matilda Enos, H. C. Bedford, Mae Alameda, Ralph V. Richmond, E. Trask, Mrs. Iva Marble, and Erma Peterson. First prize was won by Mrs. Shea, the others following in order of merit. Cards and luck did not run so well for Anna Dutra and W. E. Jones, who were awarded prizes for having the lowest scores. Mrs. A. J. Petsche was the lucky winner of the door prize.

A final report on the whist drive was made by Harvey Braun, chairman of the committee, to members of the Chamber of Commerce gathered at their regular weekly luncheon meeting Tuesday noon, when he stated that a total of 248 tickets had been sold, and that a net profit of \$96.73 had been realized.

Votes of thanks were extended to all the merchants who donated prizes, and through whose efforts the affair was such a decided success, to Reverend McCaul of Corpus Christi church for the loan of tables, chairs and cards, to the members of the Boy Scouts who ably assisted on the evening of the party, and to the wives of members of the chamber of commerce who assisted in preparing and serving the refreshments.

COLOMBO GRILL PADLOCKED FOR TWELVE MONTHS

Alleged Bootlegging Activities Results in Abatement Order

Padlocks were placed on two Pleasanton buildings last week as the result of abatement proceedings instituted by the district attorney's office. The abatement order was signed by Judge James G. Quinn in superior court.

The places padlocked were the Colombo Grill at 521 Main street and a cottage in the rear of the restaurant at 537 Main street. Complaints were brought against the two places as a result of several liquor raids the latter part of last year.

The defendants in the case were Luigi Ghiotto, owner of the property; Louis Glazer, proprietor of the Colombo Grill; and Louis Harbersen, alleged bootlegger on the premises.

HEALTH CENTER ACTIVITIES FOR MARCH REPORTED

Letup In Work Is Shown As Epidemics Subside In Pleasanton

Letup to a decided degree was shown during the month of March in the work of the Pleasanton Health Center in the regular report filed this week by Miss Barbara Bradley, community nurse.

After two months of great activity on account of the epidemics in the town, the health center activities were near a normal state last month.

Miss Bradley's report showed the following:

Mrs. A. Johnston Thanks Board For Corral Removal

Sponsor of Civic Improvement Project Sends Council Letter

Members of the Pleasanton efforts in having the cattle corrals council were heartily thanked by Mrs. Anna T. Johnston for their removed from First street.

Mrs. Johnston, who has been ill took the opportunity of addressing a letter to the board at its first meeting since her recovery, in which she expressed her appreciation of the trustees endeavor and offered them her services in any matter in which she could be of use.

The board was highly pleased to receive Mrs. Johnston's letter as it conveyed to them the thought that perhaps its work for the betterment of the town was appreciated by the citizens, even if it did not receive such response from other quarters.
